

CUNY @ THE COUNCIL

PSC Day of Action!

Join CUNY faculty, staff and students
at the City Council to
Restore and Enhance the
City budget for CUNY

Wednesday, May 9, 2007
City Hall

The Mayor's Operating Budget cuts \$59 million from CUNY's request:

This includes cuts in student financial aid (Vallone Scholars and Safety Net) and public funding to cover CUNY's tuition increase request.

The Mayor's Capital Budget Request also falls short by \$39 million for construction at Medgar Evers and Fiterman Hall at Borough of Manhattan Community College.

The PSC seeks support for:

The City Council Scholars and Diversity Program : 12 million dollars that would provide funds for 200 additional faculty and professional staff for the community colleges with an emphasis on diversity hiring, mentoring students, and hiring much needed faculty counselors.

Yes! I am interested in joining the PSC at the City Council.
