

March 1, 2003

Dear Colleagues:

Here are our beautiful postcards to support CUNY in our fight for a good state higher education budget! We expect to have 100,000 postcards delivered to Gov. Pataki by the end of March. Here's how you can help:

1. Distribute lots of post cards to colleagues in each department
2. Ask colleagues to distribute them to their students and have students and faculty fill them out and return them immediately to the person distributing the cards, e.g., to the faculty member distributing the cards in class or to a department rep at a faculty meeting.
3. Have that postcard collector drop off all the cards she/he has collected and return them to _____.
4. The main postcard distributor/collector is _____ and will bring all the filled-in postcards from the college to the PSC office.

Once we collect all the postcards from all the campuses the PSC will deliver them to Gov. Pataki along with media coverage for maximum effect. Please **do not mail in the postcards**. The PSC will see to it that they are delivered.

Together we can apply pressure to the governor and begin to turn around the budget. Please let us know if you need more postcards and to find out how to get more involved in the fight for a good higher education budget in New York State. We're all in this together

In solidarity,
