

NYC municipal retirees present

A Street Theatre “Die-In”

Friday, Sept. 24th at 4PM

On Broadway in front of City Hall Park
(between Chambers & Murray Streets)

Admission is FREE

NYC union retirees stage a Street Action "Die-In" to publicize the life-threatening danger faced by 250,000 retirees as the City prepares to switch their traditional Medicare coverage to a privately managed Medicare Advantage plan on Jan 1, 2022.

We oppose the City's move to save money by endangering the healthcare coverage of vulnerable seniors.

This decision was made after three years of secret negotiations between the leadership of NYC unions (the Municipal Labor Committee) and the city of New York without input from the union members.

We say NO!

DO NOT PRIVATIZE OUR MEDICARE
